

Lake Superior Magazine's Superior Weddings & Special Occasions

EDITORIAL SECTION

February/March 2018 Issue
Special Emphasis

Imagine getting married under the sweeping pine boughs of the northern forest or beside the surging surf of Lake Superior. Welcome to the wilderness.

More and more couples are tying the knot with a Lake Superior destination in mind. Weddings in unique locations are no longer uncommon, and the future holds many opportunities to unite loving couples with local foods, products, services and all-encompassing hotel plans and wedding planning.

Lake Superior Magazine's Special Section on nuptials, anniversaries and reunions each year in the February/March issue emphasizes choosing a local venue. We talk about using a destination for a lifetime – planning to use Lake Superior as the destination for the wedding and honeymoon then returning for anniversaries and family gatherings. This is the place to be when reaching out to those who are looking for local vendors.
